Chapter 1

God's Biblical Road Map

Paradigm 2030 and the “Concept and Theory” behind it –

Based on my research I believe God has placed “**Date Stamps**” or “**Markers**” in the Bible that give us a **Road Map or Event Sequence in the future** linking events to **the time of Jacob's trouble in Jeremiah 30:7** and **the 70th week prophesy of Daniel 9:27; which would possibly leading to the last 7 years of humanities existence.**

Jeremiah 30:7 (KJV)

Alas! for that day is great, so that none is like it: it is even the time of **Jacob's trouble (last 7-years)**, but he shall be saved out of it.

Daniel 9:27 (KJV)

²⁷ And **he shall confirm the covenant with many for one week (7 years): and in the midst of the week he shall cause the sacrifice and the oblation to cease, and for the overspreading of abominations he shall make it desolate**, even until the consummation, and that determined shall be poured upon the desolate.

The “**Date Stamps**” or “**Markers**” are embedded directly into the Bible. These Date Stamps in the Bible move through multiple books, chapters, and verses and once they are extracted give us a very specific dates. These Date Stamps include a day, month, and year, of the start to an event sequence in the future within a specific Shemmitah cycle or 7-year period of time.

All of these “**Date Stamps**” or “**Markers**” seem to occur within or around a **7-year Shemmitah cycle** that runs **between September 27, 2022 - September 9, 2029.**

Some other factors that should be considered in the Paradigm 2030 chart.

Psalms 90:10 reflects today the nation of Israel and its people.

Psalms 90:10 (KJV)

¹⁰ The days of our years are threescore years and ten (70-years); and if by reason of strength they be fourscore years (80-years), yet is their strength labour and sorrow; for it is soon cut off, and we fly away.

Psalm 90:10 serves as a sobering reminder of human mortality and the **frailty of life**, contrasting our brief existence with the eternal nature of God. Attributed to Moses, the verse observes that a typical human lifespan is **seventy or eighty years**, yet even these years are often characterized by **"toil and trouble"**. It is widely understood not as a strict divine limit on age, but as a general observation of the human condition. The primary purpose of this verse is to prompt a heart of wisdom by encouraging people to "number their days"—recognizing the swiftness of time so they might live with greater **purpose, humility, and dependence on God and His son Jesus**.

If you read the verse sequentially or in the exact order the verse was written.

It can be broken down into 5 progressive steps.

- 1). 70-years.
- 2). 80-years.
- 3). Labour and sorrow throughout the 70 or 80 years.
- 4). Time will soon be cut off after 70 or 80 years (depending on the person).
- 5). Then we will fly away; which is a belief that their will by a removal of the church or person in a "Rapture" type event.

If you connect Psalm 90:10 to the nation of Israel and their birth or conception on May 14, 1948, then you would have to look today at the dates of May 14, 2018 (70 years) & May 14, 2028 (80 years).

The **"strong generation"** or **80th year** of the nation of Israel would end on **May 14, 2028**, and **falls between the Shemmitah cycle dates of September 22, 2022, and September 9, 2029**.

Rosh Hashanah (the Jewish New Year) begins at sundown on September 9, 2029, on Tishrei 1, marking the start of the year **5790** or **2030** on the Hebrew calendar. The Gregorian calendar start date for the year 2030 will occur approximately four months later on January 1, 2030.

The completion of 2,000 years from the crucifixion of Jesus on Friday 7 April AD 30 (Nisan 14), which completed the Spring Feasts on the Hebrew calendar. Bringing us to the possibility of Jesus and His 2nd return during the 1st day of the Feasts of Trumpets on September 10, 2029. Allowing Jesus to complete the Fall Feasts as stated in Leviticus.

Many scholars believe that Jesus fulfilled the Spring Feasts when He was crucified and rose during Passover, Unleavened Bread, Firstfruits, and Pentecost. I believe Jesus will fulfill the Fall Feasts during His 2nd return (Feasts of Trumpets, Yom Kipper, and Feasts of Tabernacles).

The book of **Leviticus** serves as a manual for **holiness**, detailing how a sinful people can live in the presence of a holy God. While the first half focuses on ritual sacrifices and priestly duties (Leviticus 1–16), the second half, specifically **Leviticus 23**, outlines seven annual "feasts of the Lord" that served as sacred appointments between God and His people.

These feasts are divided into two seasons, which many scholars view as prophetic timelines for the work of the Messiah.

Season	Feast Name	Scripture	Spiritual & Prophetic Significance
Spring	Passover (Pesach)	Lev. 23:4-5	Commemorates deliverance from Egypt; points to Christ as the Lamb.
Spring	Unleavened Bread	Lev. 23:6-8	Symbolizes purity and the removal of sin (leaven).
Spring	First Fruits	Lev. 23:9-14	Celebration of the barley harvest; points to the Resurrection.
Spring	Pentecost (Weeks)	Lev. 23:15-22	Marks the wheat harvest and the birth of the Church (Acts 2).
Fall	Trumpets (Rosh Hashanah)	Lev. 23:23-25	A call to repentance; points to the return of Christ.
Fall	Day of Atonement	Lev. 23:26-32	The highest holy day for national cleansing and soul-searching.
Fall	Tabernacles (Sukkot)	Lev. 23:33-44	Remembering God's provision in the wilderness; points to God dwelling with His people.

Chapter 2

Chapter 2 examines how four modern world leaders today mirror the profiles of four historic Middle Eastern monarchs or leaders of the past.

I have identified a striking parallel between four ancient biblical kings and four prominent heads of state in the current era today.

The 4 leaders or kings are:

1). Erdogan of Turkey reflects Nebuchadnezzar

Erdogan of Turkey.

Prime Minister of Turkey: March 14, 2003 – August 28, 2014.

President of Turkey: August 28, 2014 – Present.

2). Reuven Rivlin of Israel reflects Zedekiah

Reuven Rivlin of Israel.

Reuven Rivlin served as the 10th President of Israel from July 24, 2014, to July 7, 2021.

Reuven Rivlin will affect the Paradigm 2030 chart between September 2022 and September 2029 based on his specific Date Stamps.

3). Issac Herzog of Israel reflects Jehoiakim

Issac Herzog of Israel.

Isaac Herzog is the 11th President of Israel, having been elected by the Knesset on June 2, 2021, and inaugurated on July 7, 2021.

Issac Herzog will serve a 7-year term to July 7, 2028.

4). Nechirvan Barzani or Leader of the Kurds or Darius “the Mede”

Nechirvan Barzani is the President of the semi-autonomous Kurdistan Region of Iraq.

On May 28, 2019, Nechirvan Barzani was elected as the President of Kurdistan region.

Nechirvan Barzani was inaugurated as President of the Kurdistan Region in June 2019.

Parliamentary elections for the Iraqi Kurdistan Region were originally scheduled for **October 1, 2022**. However, due to severe political impasses, including an invasion by

Turkey into Syria and Iraq on October 9, 2019, and disputes over the election law, the election did not take place on that date. They were repeatedly delayed and were ultimately held on **October 20, 2024**.

Chapter 3

The Medes and how Biblically they reflect the Kurds today.

In popular and religious biblical commentary, the Medes are widely considered to be the primary ancestors of modern-day Kurds.

Because the Kurds are a stateless nation spread across multiple countries (mainly Turkey, Iraq, Syria, and Iran), there is no single overall leader. Instead, they have distinct political and military leaders based on their specific region and faction in the Middle East.

Nechirvan Barzani is currently the **(only) elected President of the Kurdistan Region (KRI)** in Iraq. While Kurds live across several countries (Turkey, Iran, Syria, and Iraq), the Kurdistan Region of Iraq is the only one with a globally recognized, semi-autonomous presidency.

Nechirvan Barzani was elected as the President of the Kurdistan Region of Iraq by the regional parliament on **May 28, 2019**. He officially took the oath of office and was inaugurated a few weeks later on **June 10, 2019**. The President usually serves a 4-year term. This election cycle was **disrupted due to the invasion of Turkey into both Syria and Iraq on October 9, 2019.**

Parliamentary elections for the Iraqi Kurdistan Region were originally scheduled for **October 1, 2022**. However, due to severe political impasses and disputes over the election law, the election did not take place on that date. They were repeatedly delayed and were ultimately held on **October 20, 2024**.

This election date of October 20, 2024, is critical to many of the “Date Stamps” or “Markers” embedded in the Paradigm 2030 chart and fall within the Shemmitah cycle between September 2022 and September 2029 for a divine purpose, in my opinion.

In the Bible, the Medes are prominent figures, notably prophesied by Isaiah to overthrow Babylon (Isaiah 13:17) and later establishing the **Meso-Persian Empire**. Figures like **Darius the Mede** (Book of Daniel) and the mention of the "law of the Medes and Persians" underline their status as a major global power.

Because the Medes vanished from the political map as a distinct empire after being absorbed by the Persians, historians note that medieval records (such as ancient Armenian and Syriac texts) frequently used the term "Medes" as a literal substitute name for the Kurds.

Today, the Kurds are an indigenous Middle Eastern ethnic group and **the world's largest stateless nation, with a population of 30 to 45 million people**. They primarily inhabit "Kurdistan," a mountainous, geo-cultural region spanning parts of Turkey, Iraq, Syria, and Iran, with additional communities in the Caucasus and later a large diaspora in modern day Europe.

Starting of the Birth Pains and Sorrows (Matthew 24:7–8 & Mark 13:8, 1 Thessalonians 5:3, Jeremiah 4:31 & Isaiah 13:8).

Kurdish election cycle and Turkish Invasion timelines (2019-2020).

Turkey's **October 2019** invasion of northeast Syria (**Operation Peace Spring**) drastically altered Kurdish governance and election timelines. The offensive displaced tens of thousands, crippled regional infrastructure, and severely weakened Kurdish forces.

The primary reason Turkey launched major military operations into Syria and Iraq in 2019 was to neutralize Kurdish militant groups along its southern borders and prevent the establishment of an autonomous Kurdish para-state. Turkey established a 30-km (approximately 20 miles) deep buffer zone in northeastern Syria and Iraq through a military offensive.

The U.S. withdrawal and subsequent Turkish military push to fill the security vacuum occurred in **October 2019**.

October 6, 2019: The Trump administration announced the withdrawal of U.S. troops from northeastern Syria, abandoning the Kurdish-led Syrian Democratic Forces (SDF).

October 9, 2019 (Yom Kippur): Turkey launched the cross-border **Operation Peace Spring**, pushing into northern Syria to establish a 20-mile-deep "safe zone".

Mid-October 2019: Initial reports of Covid starting to be generated out of China; which accelerated into a "Global Pandemic" by January 2020.

Subsequent phylogenetic models and retrospective hospital studies published in journals like PLOS Pathogens suggest that the virus likely made its initial jump to humans (zoonotic spillover) between **early October and mid-November 2019, and later theories believe it could be lab generated as a bio-weapon that somehow transferred into the population.**

January 20, 2020: The U.S. Centers for Disease Control and Prevention (CDC) and other global entities confirmed the first cases outside of China, including in the United States and South Korea.

January 30, 2020: The WHO declared the outbreak a **Public Health Emergency of International Concern (PHEIC)**, which is their highest level of alert, but not yet a pandemic.

March 11, 2020: Due to the alarming speed of transmission, severity of the disease, and multi-country spread, the WHO officially characterized COVID-19 as a pandemic.

The global COVID-19 pandemic emergency officially ended on May 5, 2023, when the World Health Organization (WHO) declared that the virus no longer constituted a "public health emergency of international concern".

Concurrently, the 7-Year Shemitah cycle runs from sunset of September 25, 2022 (September 26, 2022, is Tishrei 1 or the 1st day of the new 7-Year Shemitah cycle) to sunset of September 9, 2029 (September 10, 2029, is Tishrei 1 or 1st day of the next 7-Year Shemitah year cycle between 2029-2036).

The **Shemitah cycle (the Sabbatical Year)** is explained in **Leviticus 25:1–7**.

In **Daniel 8** it talks about how the Medes-Kurds must align with Persia-Iran (pictured as a 2-horned ram) prior to both of their destruction through Turkey (pictured as a 1-horned goat). Turkey has been in the process of genociding the Medes-Kurds since the 1st day Erdogan became President of Turkey on August 28, 2014, to present. The Medes-Kurds have driven out of Turkey, Syria, most of Iraq (past the Euphrates River) and now are clashing with Persia-Iran on Iran's border.

Once Turkey enters the middle east conflict (possibly by the end of August 2026) they will force the Kurds-Medes and Iran-Persia to align just to survive as this war continues to degrade both nations. In history, the Battle of Gaugamela occurs in October which would lead to a possible destruction of both the Kurds and Iran by Turkey by the end of January 2027 which reflects the date of the Battle of the Persian Gate and the destruction of Kurds-Iran in history.

Large portions of western Iran are Kurdish nation groups that co-exist with the Iranians. The US, Israel and ally forces will weaken Iran in the next 6 months and then Turkey will crush both the Kurds and Iran quickly (Daniel 8:7-8) and also stating the leader of Turkey (1-horned goat in Daniel 8:8 would perish also in this exchange.

⁸Therefore the **he goat waxed very great: and when he was strong, the great horn was broken (leader of Turkey is destroyed); and for it came up four notable ones toward the four winds of heaven**. The 4 winds of heaven are held on the 7th Seal and

released on the 6th Trumpet when a Supranatural Antichrist rises from this leader that has perished (stated multiple times in Isaiah 14 this is a resurrection type event).

Trump and other have talked about arming the Kurds against Iran, but Turkey will never agree to this and I believe Turkey has the only military that can “put boots on the ground” in Iran. Turkey has the 2nd largest military after the United States in NATO and will be looked to stabilize this part of the world under this guise. NATO will back them as they move away from Israel and all nations start to abandon Israel as stated in **Zechariah 12:3** and **Zechariah 14:2** and Turkey will fill any vacuum created.

Erdogan is the White Horseman or 1st Seal of Revelation and Gog of Ezekiel 38-39.

In my opinion, **Erdogan is the White Horseman or 1st Seal of Revelation (Revelation 6:1-2) and also Gog of Ezekiel 38-39 that will bring ¼ of the world into war and consume the middle east leading to his death and rise into an Supranatural Antichrist figure by April 2027 based on the paradigm 2030 chart timeline.**

Erdogan started his rise as Prime Minister of Turkey: March 14, 2003 – August 28, 2014, and became President of Turkey: August 28, 2014 – Present.

Over his 23 years in power, President Recep Tayyip Erdogan has expanded Turkey's military footprint significantly across **Northern Syria, Northern Iraq, and the Horn of Africa (Somalia)**, shifting Ankara from a localized defense posture to an active global and regional military power.

Middle East and Immediate Border Regions

- **Northern Syria:** Deployed thousands of troops and established permanent security zones through cross-border operations (such as *Euphrates Shield* and *Olive Branch*) to counter Kurdish militias and influence post-war positioning.
- **Northern Iraq:** Built over 40 forward operating and intelligence bases across the Kurdistan region via *Operation Claw* campaigns to suppress the PKK.
- **Qatar:** Established the first major Turkish military base in the Middle East at Doha in 2015 to project Persian Gulf influence and train local forces.

Africa and the Mediterranean

- **Somalia:** Operationalized Camp TURKSOM in Mogadishu in 2017—Turkey's largest overseas military facility—and expanded operations by deploying advanced military hardware and fighter assets to protect maritime and regional trade routes.
- **Libya:** Intervened militarily with advisors, drones, and personnel starting in 2019 to support the Tripoli-based government, securing strategic maritime and energy accords in the Eastern Mediterranean.
-

- **Caucasus (Azerbaijan):** Provided crucial military training, technical expertise, and drone operations support during the Nagorno-Karabakh conflict alongside joint ceasefire monitoring frameworks.

Turkey has signed nearly 100 global bilateral defense and technology transfer agreements under Erdogan's network, bringing its total network of international military points and installations abroad to over 130.

All these areas reflect the 10-nations listed in Ezekiel 38-39. How these 10-nations would join and attack Israel and all 10-nations would be destroyed in that process; including the leader or head (Rosh) of Turkey.

I believe this will occur during a 6th Seal event around March of 2027 when Israel is being attacked and surrounded by 10-nations of radicalized Muslims.

Just after the destruction of the 10-nations and the leader of Turkey on the 6th Seal to a bringing forth of an (Supranatural) Antichrist figure (on the 6th Trumpet) that will control a large portion of the global planet between March 2027 – September 2029.

Revelation 6:12-17 (6th Seal event)

¹²And I beheld when he had opened the sixth seal, and, lo, there was a **great earthquake (possibly global)**; and the **sun became black as sackcloth of hair, and the moon became as blood**;

¹³And the **stars of heaven fell unto the earth** (possible destruction of 10-nations and their leader; Erdogan), even as a fig tree casteth her untimely figs, when she is shaken of a mighty wind.

¹⁴And the **heaven departed as a scroll when it is rolled together; and every mountain and island were moved out of their places** (possible theory of “space-folding” and movement of heaven from its existing point to above earth prior to Satan being cast down on the 5th and 6th Trumpet event).

¹⁵And the kings of the earth, and the great men, and the rich men, and the chief captains, and the mighty men, and every bondman, and every free man, hid themselves in the dens and in the rocks of the mountains;

¹⁶And said to the mountains and rocks, Fall on us, and hide us from the face of him that sitteth on the throne, and from the wrath of the Lamb:

¹⁷For the great day of his wrath is come; and who shall be able to stand?

Chapter 4

Paradigm 2030 – explaining the Date Stamps and Markers in the Bible.

If the Bible gives us actual **“Date Stamps” or “Markers”**, could these possibly give us a better optic to what is coming in the last 7 years or last week of Daniel.

Do the Date Stamps or markers actually include the day, month, year, and event sequence in the Bible that we should be watching now; today?

This concept or theory has multiple layers that I will go through to give you the best picture or optic of how the “Date Stamps” or “Markers” work and how they can be laid out on a chart in a 7-year Shemmitah period between September 2022 and September 2029.

If we look at the Bible chapters and verses you can find many examples where God has provided us information that actually includes the event being explained and the day, month, and year of the “King or Leader” that it occurred under.

The “Date Stamps” or “Markers” found in the Bible (MUST) be converted from a Gregorian calendar date to a Hebrew calendar date to determine the proper date in the future.

Examples of a Paradigm 2030 Date Stamp or Marker.

(Jeremiah 52:30) In the three and twentieth year of Nebuchadnezzar, Nebuzaradan, the captain of the guard carried away captive of the Jews seven hundred forty and five persons: all the persons were four thousand and six hundred.

In Jeremiah 52:30 it states in the 23rd year of Nebuchadnezzar (Erdogan). If you take the date Erdogan took office & power in 2003; then add 23 years in equates to the year of 2026.

So, Recep Tayyip Erdoğan will have been in power for 23 years in the year 2026.

Jeremiah 1:2 To whom the word of the LORD came in the days of Josiah the son of Amon king of Judah, in the thirteenth year of his reign.

³**It came also in the days of Jehoiakim (Isaac Herzog) (2021-Present) the son of Josiah king of Judah, unto the (end of the eleventh year of Zedekiah) (Reuven Rivlin) (July 24,**

2025) (Jeremiah 39:2) (Jeremiah 52:5) (2 Kings 25:2) the son of Josiah king of Judah, unto the carrying away of Jerusalem captive in the fifth month (July-August).

Summary of events for this period of time is provided below:

As of mid-August 2025, Israeli authorities assessed that there were **48 total remaining hostages** left in Gaza: **20 believed to be alive** and **28 dead** (with the status/fate of 2 others remaining uncertain or unconfirmed)

August 13, 2025: Alarming testimonies and intelligence reports surfaced from freed hostages and medical personnel, confirming severe torture, starvation, and medical neglect occurring inside the underground tunnel networks.

August 17, 2025: Tens of thousands of Israelis launched a nationwide strike and blocked major highways across the country. Protesters in Tel Aviv and Jerusalem pressured the government to secure a deal for the immediate release and safety of the remaining hostages.

August 19-20, 2025: Mediators (Egypt and Qatar) pushed for a 60-day ceasefire and an exchange for the release of half the remaining captives. Israel demanded the release of all 50 hostages known or believed to be in Gaza to end the war, while Hamas offered a phased exchange.

August 20, 2025: Israel launched military operation "Gideon's Chariot II" in Gaza City, an escalation of the offensive aimed at destroying Hamas infrastructure and rescuing the captives, though it sparked international concerns about the hostages' safety.

The **remaining living hostages were not released until October 13, 2025**, following the approval of the broader Gaza Peace Plan and ceasefire mediated by the United States.

Jeremiah 25:1 (KJV)

1 The word that came to Jeremiah **concerning all the people of Judah** in the **fourth year of Jehoiakim (Issac Herzog, 2025-2026)** the son of Josiah king of Judah, that **was the first year of Nebuchadrezzar king of Babylon (Erdogan, 2026-2027)**; possibly alluding to a transition into an **Antichrist phase and his 1st year of control in 2026**.

²The which Jeremiah the prophet spake unto all the people of Judah, and to all the inhabitants of Jerusalem, saying,

³From the thirteenth year of Josiah the son of Amon king of Judah, even unto this day, that is the **three and twentieth year (Erdogan 2026)**, the word of the LORD hath come unto me, and I have spoken unto you, rising early and speaking; but ye have not hearkened.

Note:

Josiah had four sons: , and Eliakim (born c. 634 BCE), whose mother was Zebidah the daughter of Pedaiah of Rumah; and Shallum (633/632 BCE) and Mattanyahu (c. 618 BCE), whose mother was Hamutal, the daughter of Jeremiah of Libnah.

Eliakim had his name changed by Pharaoh Necho of Egypt to Jehoiakim.

Chapter 5

Date Stamps - Nebuchadnezzar reflects Erdogan of Turkey.

(Jeremiah 52:30) In the **three and twentieth year of Nebuchadnezzar**, Nebuzaradan, the captain of the guard carried away captive of the Jews seven hundred forty and five persons: all the persons were four thousand and six hundred.

In Jeremiah 52:30 it states in the 23rd year of Nebuchadnezzar (Erdogan). If you take the date Erdogan took office & power in 2003; then add 23 years in equates to the year of 2026.

Prime Minister of Turkey: March 14, 2003 – August 28, 2014.

President of Turkey: August 28, 2014 – Present.

So, **Recep Tayyip Erdoğan** will have been in power for **23 years in the year 2026.**

March 14, 2003 – March 14, 2026).

1st year of Antichrist March 14, 2026 – March 14, 2027.

Jeremiah 25:1 (KJV)

25 The word that came to Jeremiah concerning all the people of Judah in the **fourth year of Jehoiakim (Isaac Herzog - July 7, 2021 – July 7, 2025)** the son of Josiah king of Judah, that was the **first year of Nebuchadrezzar king of Babylon; (July 7, 2025 – July 7, 2026).**

Possible year Turkey would enter the middle east conflict only to die around March 14, 2027 (Jeremiah 52:30).

Jeremiah 25:1 (KJV)

1 The word that came to Jeremiah **concerning all the people of Judah** in the **fourth year of Jehoiakim (Issac Herzog, 2025-2026)** the son of Josiah king of Judah, that **was the first year of Nebuchadrezzar king of Babylon (Erdogan, 2026-2027);** possibly alluding to a transition into an **Antichrist phase and his 1st year of control in 2026.**

²The which Jeremiah the prophet spake unto all the people of Judah, and to all the inhabitants of Jerusalem, saying,

³From the thirteenth year of Josiah the son of Amon king of Judah, even unto this day, that is the **three and twentieth year (Erdogan 2026)**, the word of the LORD hath come unto me, and I have spoken unto you, rising early and speaking; but ye have not hearkened.

Judith 1

New Revised Standard Version Updated Edition

Arphaxad Fortifies Ecbatana

1 It was the **twelfth year of the reign of Nebuchadnezzar (2015)**, who ruled over the Assyrians in the great city of Nineveh. In those days **Arphaxad ruled over the Medes in Ecbatana**.

Prime Minister of Turkey

- **Dates:** March 14, 2003 – August 28, 2014
- **Details:** Erdoğan co-founded the AKP in 2001. Though his party won the November 2002 elections, a prior political ban initially barred him from taking office. The ban was lifted, allowing him to enter parliament in a March 2003 by-election and subsequently become Prime Minister.

President of Turkey

- **Dates:** August 28, 2014 – Present
- **Details:** Erdoğan became Turkey's first popularly elected president in August 2014. He later transitioned the country from a parliamentary to an executive presidential system in 2018, significantly expanding the powers of the presidency.

12th year of Erdogan (August 28, 2014 – August 28, 2015)

⁷Then Nebuchadnezzar, king of the Assyrians, sent messengers to all who lived in Persia and to all who lived in the west, those who lived in Cilicia and Damascus, Lebanon and Antilebanon, and all who lived along the seacoast, ⁸and those among the nations of Carmel and Gilead, and Upper Galilee and the great plain of Esdraelon, ⁹and all who were in Samaria and its towns, and beyond the Jordan as far as Jerusalem and Bethany and Chelous and Kadesh and the river of Egypt, and Tahpanhes and Raamses and the whole land of Goshen, ¹⁰even beyond Tanis and Memphis, and all who lived in Egypt as far as the borders of Ethiopia. ¹¹But all who

lived in the whole region showed contempt for the summons of Nebuchadnezzar, king of the Assyrians, and refused to join him in the war, for they were not afraid of him but regarded him as only one man. So they sent back his messengers empty-handed and in disgrace.

- ¹²Then Nebuchadnezzar became very angry with this whole region and swore by his throne and kingdom that he would take revenge on the whole territory of Cilicia and Damascus and Syria, that he would kill with his sword also all the inhabitants of the land of Moab, and the people of Ammon, and all Judea, and every one in Egypt, as far as the coasts of the two seas.

In 2015, Turkish Recep Tayyip Erdoğan (on his 1st day after becoming President on Aug. 28, 2014) drastically shifted his policy toward the Kurdish population, moving from a conciliatory peace process to intense military and political repression. This shift shattered a two-year truce, deeply destabilized the Kurdish-majority southeastern region, and dismantled Kurdish political influence.

Prior to 2015, Erdoğan's government had been engaged in formal peace talks with the Kurdistan Workers' Party (PKK). However, geopolitical shifts—specifically the rise of autonomous Syrian Kurdish militias fighting ISIS along Turkey's border—heightened Ankara's fears of Kurdish nationalism. In July 2015, a suicide bombing by suspected ISIS militants killed nearly thirty Kurdish activists in Suruç. Believing the Turkish state was complicit, the PKK retaliated by killing two Turkish police officers, prompting Erdoğan to declare that continuing the peace process was "not possible" and officially ending the ceasefire.

February 28 - March 2, 2015: Erdoğan arrived in Jeddah and visited the Masjid al-Haram to perform Umrah before traveling to Riyadh for official bilateral meetings with King Salman bin Abdulaziz Al Saud.

December 29, 2015: During a second official visit to Riyadh to discuss regional and bilateral ties, Erdoğan and his delegation traveled to Mecca and were granted exclusive access to enter the Kaaba upon the orders of King Salman.

Syrian Civil War Interventions (2016–2019): Turkey launched three major cross-border military incursions into Syria to combat the Islamic State (ISIS) and push Kurdish forces (YPG/SDF) away from its southern border. Operations included *Euphrates Shield* (2016), *Olive Branch* (2018), and *Peace Spring* (2019). These operations allowed Turkey and allied Syrian militias to carve out a "safe zone".

Resumption of the Kurdish Conflict (2015): The collapse of a two-year ceasefire in July 2015 marked the resumption of intense, violent hostilities between the Turkish state and the Kurdistan Workers' Party (PKK) in southeastern Turkey and northern Iraq.

Gulf Diplomatic Crisis (2017): When Saudi Arabia, the UAE, and other nations enacted an economic blockade on Qatar in May 2017, Turkey intervened diplomatically and militarily to support Qatar. This culminated in the rapid expansion of the Turkish military base in Tariq bin Ziyad, marking a massive strategic shift in Gulf alliances.

Jamal Khashoggi Murder (2018): In October 2018, the gruesome assassination of Saudi journalist Jamal Khashoggi inside the Saudi consulate in Istanbul led to a severe deterioration in Turkish-Saudi relations. Turkey publicly released audio recordings of the incident, increasing geopolitical tension with Saudi leadership.

Arphaxad Is Defeated

¹³**In the seventeenth year (Erdogan - 2020) he led his forces against King Arphaxad and defeated him in battle**, overthrowing the whole army of Arphaxad and all his cavalry and all his chariots. ¹⁴Thus he took possession of his towns and came to Ecbatana, captured its towers, plundered its markets, and turned its glory into disgrace. ¹⁵He captured Arphaxad in the mountains of Ragau and struck him down with his spears, thus destroying him once and for all. ¹⁶Then he returned to Nineveh, he and all his combined forces, a vast body of troops, and there he and his forces rested and feasted for one hundred twenty days.

In 2020, President Recep Tayyip Erdoğan and his government subjected Turkey's Kurdish population to an intensified, systematic campaign of political, cultural, and military repression. Following his political pivot to align with the far-right Nationalist Movement Party (MHP), Erdoğan used national security and counterterrorism laws to heavily target Kurdish political representation and civil liberties, a strategy that was further accelerated under the cover of the COVID-19 pandemic.

The most direct blow to Kurdish democratic representation was the removal of elected local officials. **Following the 2019 local elections, Erdoğan's administration systematically stripped democratically elected pro-Kurdish Peoples' Democratic Party (HDP) mayors of their titles. In 2020, the government replaced nearly all**

remaining HDP mayors in the Kurdish-majority southeastern region with state-appointed bureaucrats (trustees). Kurdish members of parliament were also targeted; in June 2020, prominent Kurdish lawmakers had their parliamentary immunity striped and were subsequently ousted and detained.

2017 Transition: Masoud Barzani was the president until he resigned on November 1, 2017, following a controversial independence referendum.

The Gap: The presidency remained completely vacant for roughly 1.5 years as executive powers were temporarily split between the prime minister and the parliamentary speaker.

2019 Appointment: Nechirvan Barzani was officially elected as the new president in May 2019 and sworn into office on June 10, 2019.

The Turkish government systematically disrupted and overturned the outcomes of the March 2019 local elections in predominantly Kurdish regions through a series of administrative disqualifications, arrests, and state-appointed takeovers. This suppression targeted the pro-Kurdish Peoples' Democratic Party (HDP), which had won majorities across dozens of municipalities in southeastern and eastern Turkey.

The region's parliamentary elections, originally scheduled for 2022, were heavily disrupted and repeatedly postponed before eventually taking place in October 20, 2024. The balloting faced significant logistical hurdles, including widespread technical malfunctions of electronic voting machines that prevented some voters from casting their ballots.

October 20, 2024, Date Stamp falls in the Shemmitah 7-year cycle of September 2022-September 2029.

Example of Nechirvan Barzani 1st year, falling in the 7-year Shemmitah cycle parameter, would be between October 20, 2024 – October 20, 2025.

This would reflect Darius the Mede in Daniel 9:1 and Daniel 11:1 both occurring at the same time and indicating the 1st year of this king.

It can only be the leader of the Kurds, which are considered the Medes in history.

So, I am lining up the leaders based on history in a gap of 7-years between September 2022 – September 2029 within this Shemmitah cycle at the end of the 2,000-year period of 14 Nisan 30 AD to September 9, 2029, or the start of the year 2030 on the Hebrew calendar.

The Expedition against the West

2 In the eighteenth year, on the twenty-second day of the first month (March 15, 2021), there was talk in the palace of Nebuchadnezzar, king of the Assyrians, about carrying out his revenge on the whole region, just as he had said. ²He summoned all his attendants and all his nobles and set before them his secret plan and recounted fully, with his own lips, all the wickedness of the region. ³They decided that all who had not obeyed his command should be destroyed.

²⁸ So fear and dread of him fell upon all the people who lived along the seacoast, at Sidon and Tyre, and those who lived in Sur and Ocina and all who lived in Jamnia. Those who lived in Azotus and Ascalon feared him greatly.

(March 15, 2021)

The Imminent Ban of the Pro-Kurdish HDP

The most significant impact in mid-March 2021 was a state-led effort to completely dismantle the Peoples' Democratic Party (HDP). The HDP was Turkey's third-largest political party and the primary vehicle for legal Kurdish political representation. Just two days after March 15, on March 17, 2021, Turkey's chief prosecutor formally filed a lawsuit with the Constitutional Court to ban the HDP entirely. Erdoğan and his nationalist coalition partners had spent the preceding weeks publicly labeling the HDP as a political front for the outlawed Kurdistan Workers' Party (PKK), **effectively criminalizing mainstream Kurdish voting blocks.**

March 16, 2021, marked the **centennial (100th) anniversary of the Treaty of Moscow, a historic pact signed in 1921 between the Grand National Assembly of Turkey** (under Mustafa Kemal Atatürk) and the Russian Soviet Federative Socialist Republic (under Vladimir Lenin). Formally known as the "Treaty of Friendship and Fraternity," this agreement established diplomatic solidarity and permanently defined the modern northeastern border of Turkey and the South Caucasus region.

⁴When he had completed his plan, Nebuchadnezzar, king of the Assyrians, called Holofernes, the chief general of his army, second only to himself, and said to him, ⁵“Thus says the Great King, the lord of the whole earth: Leave my presence and take with you men confident in their strength, one hundred twenty thousand foot soldiers and twelve thousand cavalry. ⁶March out against all the land to the west, because they disobeyed my orders. ⁷Tell them to prepare earth and water, for I am coming against them in my anger and will cover the whole face of the earth with the feet of my troops, to whom I will hand them over to be plundered. ⁸Their wounded shall fill their ravines and gullies, and the swelling river shall be filled with their dead. ⁹I will lead them away captive to the ends of the whole earth. ¹⁰You shall go and seize all their territory for me in advance. They must yield themselves to you, and you shall hold them for me until the day of their punishment. ¹¹But to those who resist, show no mercy but hand them over to slaughter and plunder throughout your whole region. ¹²For as I live and by the power of my kingdom, what I have spoken I will accomplish by my own hand. ¹³And you—take care not to transgress any of your lord’s commands, but carry them out exactly as I have ordered you; do it without delay.”

Bilateral relations collapsed from a brief period of normalization into open hostility, disrupting billions in economic exchange and regional supply chains.

Diplomatic and Political Rift

- **Ambassador Recalls:** Both nations recalled their respective ambassadors in late 2023 as Turkish leadership sharply criticized Israeli military actions.

- **Rhetorical Condemnations:** Turkish President Recep Tayyip Erdoğan openly labeled Israel a "terrorist state" and defended Hamas as a "liberation group" rather than a terrorist organization, drawing intense rebuke from Israeli officials.

Economic and Trade Sanctions

- **Initial Restrictions:** On April 9, 2024, Turkey restricted exports of 54 specific product categories—including iron, steel, construction equipment, and aviation fuel—after Israel rejected Ankara's request to airdrop humanitarian aid into Gaza.
- **Complete Trade Embargo:** On May 2, 2024, Turkey's Ministry of Trade announced an absolute halt to all import and export transactions with Israel, cutting off a commercial relationship previously valued at roughly \$6.8 to \$7 billion annually and forcing Israeli markets to scramble for alternative construction and food supply

Daniel Chapter 9 primarily refers to the "**Prophecy of the Seventy Weeks**," where Daniel receives a vision from the angel Gabriel detailing a future timeline for Israel, including the coming of the Messiah, through a series of 70 "sevens" (weeks), signifying a period of time, and emphasizing God's plan for restoration and judgment upon his people; this chapter is considered a significant prophetic text regarding Jesus Christ and the future of Jerusalem.

Completion of 2,000 years from the Crucifixion of Jesus on Friday 7 April AD 30 (Nisan 14) to His 2nd return on the Feasts of Trumpets September 10, 2029; the 1st day of 2030 (Tishrei 1).

Daniel 10:1 (KJV)

In the **third year of Cyrus king of Persia (Iran)** a thing was revealed unto Daniel, whose name was called Belteshazzar; and the thing was true, but the time appointed was long: and he understood the thing, and had understanding of the vision.

3rd King of Iran-Persia, which I believe is **Ebrahim Raisi**, dies in helicopter crash May 19, 2024.

Ebrahim Raisi became President of Iran on August 3, 2021, and died on May 19, 2024, during his 3rd year.

The attack on Israel by Hamas occurs on October 7, 2023; during the 3rd year of President Ebrahim Raisi.

² **In those days I Daniel was mourning three full weeks (21 Days).**

³ I ate no pleasant bread, neither came flesh nor wine in my mouth, neither did I anoint myself at all, till three whole weeks were fulfilled.

⁴ And in the **four and twentieth day of the first month (24th Day of Tishri)**, as I was by the side of the great river, which is Hiddekel;

¹³ **But the prince of the kingdom of Persia (Iran) withstood me one and twenty days (21 Days): but, lo, Michael, one of the chief princes, came to help me; and I remained there with the kings of Persia (Iran).**

*** I believe the Bible tells us the date that Hamas would attack and invade Israel.**

*** If you take the 1st Day of Tishri, October 16, 2023, which would be the start of the New Jewish Civil Year and the Feasts of Trumpets and add 21 Days it lands directly on October 7, 2023, the day Hamas attacked Israel.**

The Yom Kippur War began on **October 6, 1973**, and lasted until **October 25, 1973**.

*** The gap of time between the Yom Kippur War of October 6, 1973, and the attack by Hamas on October 7, 2023, are exactly 50 years apart.**

*** Daniel had the vision right after the attack on October 9, 2023, on the 24th Day of Tishri.**

¹⁴ **Now I am come to make thee understand what shall befall thy people in the (latter days): for yet the vision is for many days.**

²⁰ Then said he, Knowest thou wherefore I come unto thee? and **now will I return to fight with the prince of Persia (Iran):** and when I am gone forth, lo, **the prince of Grecia (Turkey) shall come.**

* Turkish President Erdogan is stating at this time (July 2026) with the expansion of Israel in both Gaza, Lebanon, and Syria; Israel will expand their campaign into Turkey to recapture the footprint of God or the area of the 12 tribes of Israel, which is the land designated to Israel according to the Bible.

The end of Daniel 10 takes us to the invasion by Turkish proxy forces, HTS and Turkish backed Free Syrian Army, which removed **Bashar al-Assad (July 17, 2000 – December 8, 2024)** from power and places in Syria's new president **Ahmed al-Sharaa in January 29, 2025**.

Bashar al-Assad (Syrian) government fell in 12 days between November 27, 2024 – December 8, 2024.

*** Turkey now controls Syria through Syria's new president Ahmed al-Sharaa and Turkish backed Syrian Proxies.**

Daniel 11:1 (KJV)

Also I in the **first year of Darius the Mede**, even I, stood to confirm and to strengthen him.

(October 20, 2024 – October 20, 2025)

Daniel chapter 11 in the Bible is a detailed prophecy primarily focused on the future conflicts between the "King of the South" (representing the Ptolemaic dynasty in Egypt) and the "King of the North" (representing the Seleucid dynasty in Turkey and Syria), outlining a series of wars, alliances, and betrayals between these powers, ultimately culminating in the rise of a particularly oppressive "King of the North" who will desecrate the Jerusalem temple and persecute the Jewish people; this chapter is often interpreted as foreshadowing future global conflicts and the ultimate triumph of God's people.

Ezra 4:24 (KJV)

²⁴Then ceased the work of the house of God which is at Jerusalem. **So it (ceased) unto the second year of the reign of Darius king of Persia.**

(October 20, 2025 – October 20, 2026)

Based on Haggai 1:1-2 and the start of the rebuilding of the house of God occurs on **August 14, 2026**.

Daniel 1:2 (KJV)

² And now will I shew thee the truth. Behold, there shall stand up yet **three kings in Persia**; and the **fourth shall be far richer than they all**: and by his strength through his riches **he shall stir up all against the realm of Grecia (Turkey)**.

3rd King of Iran-Persia, **Ebrahim Raisi**, dies in helicopter crash May 19, 2024?

4th King of Iran-Persia, **Masoud Pezeshkian**, is elected to office July 28, 2024?

³ **And a mighty king shall stand up (Erdogan of Turkey – Gog of Ezekiel 38-39 – White Horseman – 1st Seal), that shall rule with great dominion, and do according to his will.**

Zechariah 1 (KJV)

1 In the **eighth month (Heshvan – October/November)**, in the **second year of Darius (October 20, 2025 – October 20, 2026)**, came the word of the LORD unto Zechariah, the son of Berechiah, the son of Iddo the prophet, saying,

⁷ Upon the **four and twentieth day of the eleventh month (January-February)**, which is the month **Sebat**, in the **second year of Darius (February 11, 2026)**, came the word of the LORD unto Zechariah, the son of Berechiah, the son of Iddo the prophet, saying,

⁸ I saw by night, and **behold a man riding upon a red horse (2nd Seal)**, and **he stood among the myrtle trees** that were in the bottom; and **behind him were there red horses (2nd Seal)**, speckled (**3rd and 4th Seal**), and white (**1st Seal**).

In the Bible, speckled horses are associated with famine, pestilence, and other plagues. They are similar to the pale horses in the Book of Revelation, which are associated with death.

Zechariah's Prophecy (351 BCE)

"On the **24th day of the 11th month, which is the month of Shevat, in the second year of the reign of Darius**, the word of G-d came to Zachariah the son of Berechiah the son of Ido the prophet, saying:

'...I will return to Jerusalem in mercy, **my house will be built within her**...and the Lord shall yet console Zion and shall yet choose Jerusalem.'" (Zechariah 1:7-17)

This was two years before the **completion of the 2nd Temple on the 3rd of Adar (3412) (349 BCE)**.

Completion of the 3rd Temple could occur on March 1, 2028 (3rd of Adar) after the rise of Antichrist around March-April of 2027 (Passover). I have this date set due to the fact that Abomination of Desolation would occur on December 13, 2028 (25 Kislev), and the potential “Rapture” event on September 10, 2029, during the 1st day of the Feasts of Trumpets and the 1st day of 2030 on the Hebrew calendars.

Zech. 1 (KJV) (Cont.)

¹⁸Then lifted I up mine eyes, and saw, and behold **four horns**.

¹⁹And I said unto the angel that talked with me, What be these? And he answered me, **These are the horns which have scattered Judah, Israel, and Jerusalem.**

²⁰And the LORD shewed me four carpenters.

²¹Then said I, What come these to do? And he spake, saying, These are the horns which have scattered Judah, so that no man did lift up his head: but these are come to fray them, to cast out the horns of the Gentiles, which lifted up their horn over the land of Judah to scatter it.

Daniel 11:4 (KJV)

⁴And when he shall stand up, his kingdom shall be broken (Turkey), and shall be divided toward the four winds of heaven. (Daniel 11:4 links to Daniel 7:2-3).

- The 4 winds are held on the 7th Seal (Revelation 7:1) and released on the 6th Trumpet (Revelation 9:13); and not to his posterity, nor according to his dominion which he ruled: for his kingdom shall be plucked up, even for others beside those.

6th Seal event – Erdogan and 10 nations are destroyed by the wrath of the Lamb or Jesus the Son of God in Revelation 6:16 prior to a resurrection of Antichrist on or around Passover 2027.

7th Seal breaks, about ½ hour of Silence, 144,000 Elect selected and sealed by God.

- **1st - 4 Trumpets sound & destroy 1/3 of earth – In my opinion; possibly the communist areas in North Pacific Region.**

(Rev. 8:6-13).

5th Trumpet - Bottomless Pit Opens & scorpions come out and sting man for 5 months.

(Rev. 9:1-12 & Rev. 17:8)

6th Trumpet - Rise of Antichrist & False Prophet.

4 winds are released.

(Rev. 9:13-21)

Antichrist would rise just before the signing of the Treaty with the Nations.

1 Esdras: 5:56:57

The Foundations of the Temple Laid

⁵⁶In the **second year Darius (October 20, 2025 – October 20, 2026)** after their coming to the temple of God in Jerusalem, in the **second month (Lyar – April-May)**, Zerub'babel the son of She'altiel and Jeshua the son of Jo'zadak made a beginning, together with their brethren and the Levit'ical priests and all who had come to Jerusalem from the captivity; ⁵⁷and they laid the foundation of the temple of God on the **new moon of the second month (4/18/2026)** in the second year after they came to Judea and Jerusalem.

(April 18, 2026)

- **April 21, 2027 – (Passover) on 14 Nisan**

The Passover

1 Esdras 7:10-15

¹⁰The people of Israel who came from exile kept the Passover on the **fourteenth day of the first month (14 Nisan or Passover)**, after the priests and the Levites were purified together. ¹¹Not all of the returned captives were purified, but the Levites were all purified together, ¹²and they sacrificed the Passover lamb for all the returned captives and for their kindred the priests and for themselves. ¹³The people of Israel who had returned from exile ate it, all those who had separated themselves from the abominations of the nations of the land and sought the Lord. ¹⁴They also kept the Festival of Unleavened Bread seven days, rejoicing before the Lord, ¹⁵because he had changed the will of the king of the Assyrians concerning them, to strengthen their hands for the service of the Lord God of Israel.

Haggai 1 (KJV)

1 In the **second year of Darius** the king, in the **sixth month, in the first day of the month**, came the word of the LORD by Haggai the prophet unto Zerubbabel the son of Shealtiel, governor of Judah, and to Joshua the son of Josedech, the high priest, saying,

²Thus speaketh the LORD of hosts, saying, **this people say, the time is not come, the time that the LORD's house should be built.**

(August 14, 2026)

Zech. 2 (KJV)

2 I lifted up mine eyes again, and looked, **and behold a man (John) with a measuring line in his hand. (Rev. 11:1).**

²Then said I, Whither goest thou? And he said unto me, To measure Jerusalem, to see what is the breadth thereof, and what is the length thereof.

³And, behold, the angel that talked with me went forth, and another angel went out to meet him,

⁴And said unto him, Run, speak to this young man, saying, Jerusalem shall be inhabited as towns without walls for the multitude of men and cattle therein:

⁵For I, saith the LORD, will be unto her a wall of fire round about, and will be the glory in the midst of her.

⁶Ho, ho, come forth, and flee from the land of the north, saith the LORD: for I have spread you abroad as the **four winds of the heaven**, saith the LORD.

Ezra 5 (KJV)

Ezra chapter 5 signifies the point where the Jewish people, inspired by the prophets Haggai and Zechariah, actively resumed rebuilding the temple in Jerusalem despite opposition from local officials, with the key verse (Ezra 5:5) highlighting God's watchful protection over them as they continued their work despite the challenges they faced;

Haggai 1 (KJV)

¹⁴And the LORD stirred up the spirit of Zerubbabel the son of Shealtiel, governor of Judah, and the spirit of Joshua the son of Josedech, the high priest, and the spirit of all the remnant of the people; and **they came and did work in the house of the LORD of hosts, their God,**

¹⁵In the **four and twentieth day of the sixth month, in the second year of Darius** the king.

(September 6, 2026)

Haggai 2 (KJV)

2 In the **seventh month, in the one and twentieth day of the month**, came the word of the LORD by the prophet Haggai, saying, **(October 2, 2026)**

⁶For thus saith the LORD of hosts; Yet once, it is a little while, and I will shake the heavens, and the earth, and the sea, and the dry land;

⁷And I will shake all nations, and the desire of all nations shall come: and I will fill this house with glory, saith the LORD of hosts.

(October 1, 2026) – End of Sukkot or Feasts of Tabernacles.

(October 2, 2026) – God will shake all nations.

(October 3, 2026) – Shemini Atzeret

Zech. 1 (KJV)

1 In the **eighth month, in the second year of Darius**, came the word of the LORD unto Zechariah, the son of Berechiah, the son of Iddo the prophet, saying,

²The LORD hath been sore displeased with your fathers.

³Therefore say thou unto them, Thus saith the LORD of hosts; Turn ye unto me, saith the LORD of hosts, and I will turn unto you, saith the LORD of hosts.

⁴Be ye not as your fathers, unto whom the former prophets have cried, saying, Thus saith the LORD of hosts; Turn ye now from your evil ways, and from your evil doings: but they did not hear, nor hearken unto me, saith the LORD.

(October/November 2026)

Haggai 2 (KJV)

¹⁰In the **four and twentieth day of the ninth month, in the second year of Darius**, came the word of the LORD by Haggai the prophet, saying,

(December 4, 2026 – 1st day of Hanukkah)

Haggai 2 (KJV)

¹⁸Consider now from this day and upward, from the **four and twentieth day of the ninth month**, even from the day that the foundation of the LORD's temple was laid, consider it.

(December 4, 2026 – 1st day of Hanukkah)

Haggai 2 (KJV)

²⁰And again the word of the LORD came unto Haggai in the **four and twentieth day of the month**, saying,

²¹Speak to Zerubbabel, governor of Judah, saying, I will shake the heavens and the earth;

²²And I will overthrow the throne of kingdoms, and I will destroy the strength of the kingdoms of the heathen; and I will overthrow the chariots, and those that ride in them; and the horses and their riders shall come down, every one by the sword of his brother.

(December 4, 2026 – 1st day of Hanukkah).

March 1, 2028 (3 Adar) - 3rd Temple Completed (Ezra 6:15 – Date Stamp).

2nd Temple Completed (349 BCE) on 3 Adar.

The joyous dedication of the second Holy Temple (*Beit HaMikdash*) on the site of the **1st Temple in Jerusalem**, was celebrated on the **3rd of Adar** of the year 3412 from creation (349 BCE), after four years of work.

The First Temple, built by King Solomon in 833 BCE, was destroyed by the Babylonians in 423 BCE. At that time, the prophet Jeremiah prophesied: "Thus says the L-rd: After seventy years for Babylon will I visit you... and return you to this place." In 371 the Persian emperor Cyrus permitted the Jews to return to Judah and rebuild the Temple, but the construction was halted the next year when the Samaritans persuaded Cyrus to withdraw permission. Achashverosh II (of Purim fame) upheld the moratorium. Only in 353 -- exactly 70 years after the destruction -- did the building of the Temple resume under Darius II.

Zech. 7:1 (KJV)

7 And it came to pass in the **fourth year of king Darius**, that the word of the LORD came unto Zechariah in the **fourth day of the ninth month, even in Chisleu;**

(November 22, 2028)

Zech. 7 (KJV)

¹²Yea, they made their hearts as an adamant stone, lest they should hear the law, and the words which the LORD of hosts hath sent in his spirit by the former prophets: therefore came a great wrath from the LORD of hosts.

¹³Therefore it is come to pass, that as he cried, and they would not hear; so they cried, and I would not hear, saith the LORD of hosts:

¹⁴But I scattered them with a whirlwind among all the nations whom they knew not. **Thus the land was desolate after them, that no man passed through nor returned: for they laid the pleasant land desolate.**

Chapter 9

Past historical events and possible mirroring effects in the months of January, May, July, & October, between October 2023 & October 2029.

Syrian government forces under Bashar al-Assad collapsed and fell to Turkish-backed and allied opposition factions during a rapid offensive, highlighted by the capture of Aleppo on **November 27–30, 2024**, Homs on **December 7, 2024**, and the capital Damascus on **December 8, 2024**, which ended the regime.

In history the **Battle of the Persian Gate** took place on **January 20, 330 BC** in a narrow mountain pass in the Zagros Mountains of Iran. It was a decisive conflict where the Persian forces under Ariobarzanes made a fierce last stand against Alexander the Great's Macedonian army.

- **Possible fall of Iran in January 2027.**

Battle of Carchemish was a pivotal military conflict fought in **May or June of 605 BC** that established Babylonian supremacy over the ancient Near East.

Battle of Gaza occurred when Alexander the Great began his historic siege of the city in **October 332 BC, overcoming the Persian-controlled fortress to open the route to Egypt. (Hamas (Gaza) and Hezbollah (Lebanon) forces are both Iranian controlled proxies).**

Battle of Gaugamela took place on **October 1, 331 BC**, near modern-day Erbil in Iraqi Kurdistan. It was the definitive, masterclass victory for **Alexander the Great** against **King Darius III**, which permanently shattered the Achaemenid Persian Empire.

Events affecting the Kurds-Medes today.

- **The January Offensive:** Hostilities erupted on **January 13, 2026**, when the new Syrian transitional government launched a rapid offensive against the SDF. Syrian forces seized Kurdish enclaves in Aleppo before pushing east.
- **Within a 24-hour window between January 17 and 18, the SDF lost roughly 80% of its territory.** This collapsed their control when 65% to 70% of their force—primarily composed of Arab tribal fighters—defected to the Damascus government.
- Following U.S. and regional mediation, SDF commander **Mazloun Abdi** agreed to a **border settlement and ordered Kurdish forces to withdraw entirely to the east bank of the Euphrates River**, conceding long-held strategic western areas like Deir Hafer, Tabqa, and Raqqa.

While Turkey did not conduct a massive, independent ground invasion to push the Kurds east in mid-2026, it heavily influenced the outcome through strategic leverage:

- **Dismantling Autonomy:** Turkey leveraged its relationship with the new Syrian leadership to ensure that major hubs like Hasakah and Kobani would have no official self-administration, effectively dismantling the autonomous region of Rojava.
- **SDF Territorial Contraction:** Following the ousting of Bashar al-Assad, the Islamist-led Syrian Transitional Government under Ahmed al-Sharaa—strongly backed by Turkey—launched a sweeping military offensive earlier in 2026. The U.S.-backed Syrian Democratic Forces (SDF) were pushed out of major strongholds like Aleppo and most of the northeast, ending over a decade of de facto Kurdish self-rule.
- **PKK Dissolution Legislation:** Following the PKK's May 2025 decision to formally renounce its decades-long armed campaign, President Recep Tayyip Erdoğan announced on July 29, 2026, that a major legislative package establishing the legal framework for the **complete disbandment and integration of the group** is being submitted to the Turkish parliament.
- By **May 2026**, the newly established borders along the Euphrates River became the scene of a severe humanitarian and environmental crisis. Exceptionally heavy winter rainfall in Turkey caused massive inflows into upstream reservoirs. The Tabqa Dam reached 97% capacity, forcing authorities to open spillway gates for the first time in over 30 years. The resulting **Euphrates River floods** expanded the river to three times its normal size, displacing thousands of civilians and inundating vital agricultural lands in Raqqa and Deir ez-Zor where the frontline conflicts had taken place just months prior.
- At the **July 2026** NATO summit in Ankara, the U.S. signaled a major pivot by lifting CAATSA sanctions on Turkey and moving away from its long-standing alliance with the SDF, viewing the group's anti-ISIS mandate as largely exhausted.
- Reports surfaced in **July 2026** that Turkey, working in tandem with the U.S., successfully intervened to block a planned cross-border incursion of exiled Kurdish militias from Iraqi Kurdistan into Iran.

The Battle of Gaza: Alexander the Great began his historic siege of the city in **October 332 BC**, overcoming the Persian-controlled fortress to open the route to Egypt.

The Battle of Gaugamela took place on **October 1, 331 BC**, near modern-day Erbil in Iraqi Kurdistan. It was the definitive, masterclass victory for **Alexander the Great** against **King Darius III**, which permanently shattered the Achaemenid Persian Empire.

In July 2026: Egypt is suffering severe economic damage from the Middle East conflict and Houthi Red Sea actions, primarily driven by plunging Suez Canal revenues, rising inflation from expensive imports, and a drop in tourism.

July 23, 2026, the war between the United States and Iran escalated sharply across multiple fronts. The day was defined by a rejected ceasefire, a widening naval blockade, and sustained American airstrikes.

Military Escalation and Strikes

- **July 28–29:** The Islamic Revolutionary Guard Corps (IRGC) launched ballistic missiles in a surprise attack targeting U.S. positions in Jordan, which air defenses intercepted. U.S. President Donald Trump vowed a heavy response, stating "It's our turn".
- **July 30:** U.S. Central Command (CENTCOM) completed a two-hour heavy wave of airstrikes hitting dozens of IRGC targets, including command centers, coastal defense, and drone facilities.
- **Casualties and Local Impact:** Iranian media reported strikes and explosions in Bandar Abbas, Abadan, Ahvaz (causing power outages), and Qeshm Island, where a residential strike reportedly killed a family of three. Jordan's military also intercepted additional incoming Iranian missiles over its airspace.
- **Proxy and Regional Spillovers:** Joint U.S. and Saudi strikes targeted Iran-aligned militia positions in Iraq, killing at least 20 fighters. Meanwhile, a suspected drone strike hit a U.S.-owned gas tanker at Egypt's Mediterranean port of Damietta, marking a widening of the geographic footprint of the conflict.

Strait of Hormuz and Diplomacy

- **Strait Deadlock:** Iran formally rejected an Omani proposal for a 50-50 joint management split and voluntary fee structure in the Strait of Hormuz, demanding total command of inbound shipping lanes.
- **Shipping and Blockades:** Earlier in the week on July 24, U.S. forces disabled an Iranian-flagged LPG vessel, the *Lavine*, in the Gulf of Oman after it repeatedly breached the U.S. naval blockade, resulting in two sailor deaths.
- **Diplomatic Efforts:** Mediators from Pakistan and Oman attempted to revive technical talks under previous memorandums of understanding, though wide gaps

regarding free commercial navigation without Iranian toll collection have stalled progress.

Daniel 8 (RSV)

13 Then I heard a holy one speaking; and another holy one said to the one that spoke, “**For how long is the vision concerning the continual burnt offering, the transgression that makes desolate**, and the giving over of the sanctuary and host to be trampled under

foot?” 14 And he said to him, “**For (two thousand and three hundred evenings and mornings) (2300); then the (sanctuary shall be restored to its rightful state).”**

Daniel 12 (RSV)

11 And **from the time that the continual burnt offering is taken away, and the abomination that makes desolate is set up (15 Kislev – December 3, 2028), there shall be a (thousand two hundred and ninety days) (1290). 12 Blessed is he who waits and comes to the (thousand three hundred and thirty-five days) (1335).**

13 But go your way till the end; and you shall rest, and shall stand in your allotted place at the end of the days.”

Psalms 90:10 (Revised Standard Version) (RSV) State of Israel Proclaimed as Nation - May 14, 1948.

Psalms 90:10 The years of our life are threescore and ten, Israel (Nation) - 70 Year Generation - May 14, 2018. (Can be applied to the nation of Israel and the people or Jews themselves); or even by reason of strength fourscore; Israel (Nation) – 80 Year Generation – May 14, 2028; yet their span is but toil and trouble; Parable of the Fig Tree Generation they are soon gone, and we fly away (Rapture – 7th or Last Trumpet – Feasts of Trumpets September 10, 2029).

The primary Bible verse explicitly linking the return of Jesus and the resurrection of believers to the “**last trumpet**” is **1 Corinthians 15:52**. However, several other passages across the New Testament directly connect the second coming of Christ to this final, momentous trumpet blast.

The critical scriptures detailing this event include:

- **1 Corinthians 15:51-52:** Paul states believers will be transformed and the dead raised “at the last trumpet,” marking the resurrection.

- **1 Thessalonians 4:16-17:** The Lord descends from heaven with a shout, the archangel's voice, and "the trumpet of God," gathering believers, as found in.
- **Matthew 24:30-31:** Jesus describes His return on the clouds, accompanied by a "great sound of a trumpet" to gather the elect.
- **Revelation 11:15:** The sounding of the seventh (and final) trumpet signals that the kingdoms of the world belong to Christ.

7-Year Shemmitah Cycle - Sept. 27, 2022, to Sept. 9, 2029.

Sorrows or Birth Pains - This period is from the time our Lord Jesus breaks the 1st Seal of Revelation (Rev. 6:1) to the Signing of the Covenant of Death (Antichrist signs 7-Year Peace Treaty with radicalized Muslim nations). Once the signing occurs, Tribulations & Great Tribulation starts and lasts 900 days, 30 months, or 2 1/2 years to the Feasts of Trumpets of September 10, 2029.

Matthew 24:22 (KJV)

²² And except those days should be shortened, there should no flesh be saved: but for the elect's sake those days shall be shortened.

Tribulation - This period is from the signing of the Covenant of Death (7-Year Peace Treaty with Nations-Antichrist) to the Abomination of Desolation event on God's Seat on the Temple Mount (Rev. 11:1).

Once Abomination of Desolation occurs; Antichrist proclaims to be God & Great Tribulation begins (Rev. 11:7).

Great Tribulation - This period is from the time Antichrist proclaims to be on the Temple Mount and commits Abomination of Desolation (Rev. 11:7) on God's Seat in Jerusalem to the finishing of the 7th Bowl judgement (Rev. 16:17).

I have these dates between **Dec. 13, 2028 (25 Kislev), to Sept. 30, 2029.**

1,000 years of our time to God's single day.

1,000 years x 360 days (Hebrew prophetic calendar) gives you the total number of days or 360,000 days (1 Day of God is 1,000 years on earth or 360,000 days).

Then you need to work it backwards to break it down to years, months, weeks, days, minutes and seconds for today's time.

360,000 days divided by 1,000 years = 360 days (God uses the Hebrew calendar (Lunisolar) of 360 days in 1 year).

Take 360 days and divide this number by the total number of hours in a day or 24.

$360/24 = 15$.

The equation would be 360,000 total days divided by 1000 years divided by 24 hours in a day = 15 days.

1 hour of the God's day would be 15 days here on earth.
